

GSDCA AGM – 13th & 14th February 2016 - 60 Day Motions

- Motion 1.** The NBC Chair may visit up to two GSDCA Member Clubs per year when a Breed Survey is being conducted and:-
- a. Will officiate as a guest GSDCA Breed Surveyor together with the State Breed Surveyor Panel and/or nominated Breed Surveyor officiating on the day.
 - b. Will be available to give the 'Sires Progeny' or other bloodline presentations to their members.

Rationale:

The 2016 GSDCA AGM agreed that it would be beneficial for the NBC Chair to attend Breed Surveys outside of their state of domicile. It should be noted that the GSDCA Executive will ensure that the expense is kept to a minimum and that the GSDCA Member Clubs may utilise the NBC Chair for the benefit of their members who will be available for presentations on bloodlines, sires progeny or issues that at the time affect the breed. The visits will also present an opportunity for the NBC Chair to meet with officiating GSDCA Breed Surveyors and discuss issues face to face.

- Motion 2.** That the GSDCA Breed Surveyors, GSDCA GSD Specialist Judges and GSDCA Specialist Trainee Judges, except for resident attendees, attending the 2016 GSDCA Judges, National Breed Commission Meetings, Breed Survey Forum will be reimbursed \$100.00.
The GSDCA Treasurer will arrange payment of the subsidy to the GSDCA Breed Surveyors/GSDCA Specialist and Trainee judges that attend all three meetings.

Rationale:

In order to encourage attendance by ALL our GSDCA Breed Surveyors, GSDCA GSD Specialist Judges and GSD Specialist Trainee Judges an amount of \$100 will be reimbursed to those who are not resident in Sydney and who attend the three meetings. It could be argued: "why should the Council pay" and the reply is:" The amount to be reimbursed is but a small portion of the real cost for non-resident judges to attend what will be a weekend of important meetings and in particular their participation is essential to the discussion regarding the future of Breed Survey. The typical cost of attendance is \$1000 for the weekend hence we ask you support the motion, which is more a token of appreciation for those that do attend rather than giving a significant subsidy to cover personal cost. Noting income derived from Breed Survey by GSDCA Member Clubs, discussion should be had if they too should also contribute to their resident Breed Surveyors attending these important meetings.
