Steps narrow behind, hocks and elbows should be much firmer. In movement, shows good ground cover where the reach and drive should be more effective. Overall, should be much more firm.</p>

Judges Summation: Mr. Vince Tantaro

In providing a summation of my judging of Baby, Minor, puppy, Junior and Intermediate classes as exhibited at the 16th GSDCV Sate Breed Exhibition, I trust that the exhibitors will consider what I am about to say in the spirit that advice is given: noting that this event is in fact an opportunity for judges who officiate to be more specific with regards to breed advice I believe that it is important that breeders and exhibitors alike take this advice and consider it seriously as to how best can they improve their breeding practises in order to meet their own goal but more importantly to pursue excellence and aim to breed German Shepherd Dogs of desired type that meet the breed standard. I will limit my advice to general points and leave the analysis of sire's vs progeny to Mr Ian Urie who judged the Open Classes. Having said that it must be noted by all that when an entry of ~100 dogs is presented it is in fact very hard to deliver any in depth an analysis of where the breed is at in Victoria at this given time.

I can only repeat what I conveyed and the end of my judging and at the presentation. The number and quality of the animals as presented to me was small in number and the quality was average to below average. I observed mixed type and in some instances animal bordering on being atypical of what we believe to be a German Shepherd Dog. I was also very surprised considering that the GSDCA National Show & Trial is only 2 weeks away that a number of dogs were not in top show condition with regard to fitness.

With regard to the presentation of the dogs, I am still amazed that quite a number of handlers believe it's the double handlers job to do all the handling- this makes animals work far harder than they should and look unnatural. Further owners must be made more aware of the need to train animals and not just rely on running in front of them in order for them to 'perform'.

I remind all again that the stacking of dogs does not hide their faults- hence the aim and requirement is that the dog is to stand in natural pose.

With regard to the overall virtues and faults, I observed a number of very good heads with clear distinction of sex and good expression. It cannot be denied that the problem of lack of strength of

the foreface and underjaw has become more evident and this must be addressed by the breeders. Very good length of necks, withers in the main were normal and in many cases should be carried much higher during the walk and gaiting phases. Croups were in the main short and steep. The view from the front is also a great concern as many animals do not stand correct or not quite correct in front. The forehand assembly is a problem; many of the exhibits had short steep upper arms, with well-developed fore and good to short under chest. The hindquarter angulation was very good with a small number having excessive angulations thereby seeing those exhibits moving cow hocked and extremely loose behind penalised. The other problem that is now quite evident is that animals are stepping narrower behind. The hocks were also a concern as they should be much firmer. The movement was balanced where the reach and drive in many cases should have been freer, more powerful and wither held higher.

In closing I would like to thank Mr Ian Urie for embracing me in his deliberations with regard to Sundays Judging.

Special thanks to, the exhibitors, my very competent stenographer Amanda McAnuff, Ring Stewards: Andrew & Trinity Jones and the GSDCV Show Committee who worked hard to put on a very well run event.

LSC BITCHES & DOGS (OPEN)
SC BITCHES AND DOGS (OPEN)
JUDGE – MR. IAN URIE

Exh No.	Place.	Grad.	Open Bitch – Long Stock Coat
284	1	VG	*KPTLONGLOCKS ISLAND GIRL 11/14/2014 3100314328 Sire: Kazkiri Ximon CD RN Dam: Kooronya Inthe Purple TD ET Cd RN Brd: Exh Exh: KIM COOPER 2 years, 5 months. Height 59cm. Depth of chest 27 cms. A large, medium strong LSC bitch of good type and slightly long proportions. She has a feminine head with dark masking and medium eye colour. Slightly short neck carried a little erect. Level wither, firm straight back and a well laid but slightly short croup. Good forechest development, the underchest is rather short. Good angulation of the forequarter where the foreleg should be longer and very good hind angulation. Stands correct in front where the pasterns should be a little firmer. Steps narrow going away and toes in slightly coming. Firmness of hocks and elbows is good. Moves with correct sequence of steps. At the gait she falls a little on the forehand and shows restrictions in the fore reach due to the length of foreleg. The off lead gaiting was well controlled but showed the same restrictions as when gaiting on the lead. During the whole presentation she should show more self confidence and she is sufficiently firm on the gun.
Exh No.	Place.	Grad.	Open Dog –long Stock Coat
285	1	EXC	*CH JAYSELL GLASGOW AZ 7/24/2013 3100292457 Sire: Ch Ustinov Vom Romerland (Imp Deu) Dam: Ch Jayshell Winona Brd: Mrs N McDermott Exh: David & Lorelle Organ 3 years, 9 months. Height 65cm. Depth of chest 28.5cms. A large well coloured medium strong LSC dog of good overall proportions and very good type. He has an expressive head however the underjaw should be more developed. Slightly incorrect bite. Medium eye colour. Well set ears. Good length of neck. High wither, firm back and well laid slightly short croup, with a slightly high tail set. Good forechest, the underchest could still be longer. Very good fore and hind angulation. Good length of fore leg. Stands correct in front. Steps close going and correct coming with good firmness of hocks and elbows.

Moves with correct sequence of steps. At the walk he tends to lift his front feet a little. At the gait he shows very good reach and drive with excellent ground coverage. The off lead performance could have been under a little more control but he maintained his witherline and showed very good reach and drive.

Gunsure.

286 **2** **EXC** ***BODECKA CASANOVA AZ 8/20/2014 3100310454** Sire: Pepe Von Der Zenteiche
 Dam: Bodecka Xrated Brd: Exh: Jenny Joseph 2 years, 8 months. Height 66cms.
 Depth of chest 30cms. A very large, well coloured and pigmented long stock coat
 dog of medium strength and very good body proportions. He has an expressive
 masculine head, lovely dark masking, good eye colour and well set ears. Good
 length of neck, high wither, firm back with a slight rise over the loin. The croup is
 slightly short and slightly steep. Very good fore and underchest development.
 Very good length of foreleg. He has a good length of upper arm which could be
 slightly better angled. Slightly deep hind angulation with good length of upper
 and lower thigh and short hocks. Steps correct coming and going where the
 hocks could still be a little firmer. Moves with good reach and drive, however he
 should be a little firmer overall. Very good off lead performance which was well
 controlled and he maintained his wither line. Gunsure.

Depth of chest 27.5cms. Above medium size, medium strong black and gold bitch of very good type and slightly stretched proportions. Expressive feminine head with medium eye colour and slightly wide set ears. Good length of neck, normal wither, firm straight back and a croup of good length and lay. Well angled forequarter where the the upper arm could still be longer. Very good hind angulation with good balance of upper and lower thighs. Very good fore and underchest development and good length of foreleg. Steps correct coming and going with good firmness of hocks and elbows. Moves with very good sequence of steps at both the walk and the gait showing powerful drive and good fore reach. She is somewhat excitable in her demeanour and the off lead performance should have been more controlled. Gunsure.
288	4	EXC MERIT	*SCHAEFERHUND NELKE AZ ET RE 7/15/2010 3100241339 Sire: Ch Orrinshir Elton John AZ ET Dam: Schaeferhund Celina AZ Brd: Mrs I. Bohdal Exh: J. Schulz / H. Walter 6 years, 9 months. Height 59.5. Depth of chest. 28.5. A large, medium strong, substantial, still feminine bitch of very good overall type and slightly stretched proportions. She has a strong head, with very good strength of the upper and lower jaw, medium eye colour and well set ears. Good length of neck, normal wither with a slight dip behind. Firm back and a croup of good length and lay. Good length of upper arm which could be slightly better angled, and very good hind angulation. Very good fore and underchest and good length of fore leg. Steps slightly narrow going and coming, with firm hocks and elbows. Moves with good sequence of steps. At the gait she shows a level topline both on and off lead, and tends to fall slightly on the forehand at times. Very good control in off lead performance. Gunsure.
289	5	EXC	*SCHAEFERHUND ZOLLIE AZ 10/20/2012 3100279032 Sire: *Yester Vom Feuermelder 'a''ED' Dam: *Schaeferhund Eldana 'A''Z' Brd: Exh Exh: I. Bohdal 4 years, 6 months. Height 59.5cm. Depth of chest 29cms. A large, substantial bitch of very good type, with very good bone strength, and slightly long body proportions. Expressive head with dark eyes and slightly wide set ears. Good length of neck, high wither, firm straight back and well laid croup which could be a touch longer. The shoulder blade is set slightly steep, the upper arm is of good angle but could be a little longer. Slightly deep hind angulation with firm straight hocks. Very good fore and underchest. The foreleg could be a fraction longer. Steps slightly narrow going where the hocks could still be firmer and correct coming. Moves with very good sequence of steps and easy balanced movement with good reach and drive in the on lead gaitting. She could be a little firmer in overall condition. Very good off lead performance with good control where she levelled out slightly over the backline. Gunsure.
293	6	EXC	*DERHARV PURE BLONDE 12/11/2013 3100299249 Sire: *Seigen Crunchies Time Out AZ Dam: Derharv Gold Dust A Z Brd: Exh Exh: Mrs Hannah Kelly 3 years, 4 months. Height 61cms. Depth of chest 29cms. A very large, strong and

substantial sable bitch of very good type and overall proportions, who presents a lovely picture in stance. She has a strong, expressive, still feminine head with dark eyes and well set ears. Good length of neck, high wither, firm back and a slightly steep but well moulded croup. Very good angulations of the fore and hind quarter and very good chest proportions with good length of foreleg. Steps correct coming and going with good firmness of hocks and elbows. She moves with balanced reach and drive at all speeds. Very good off lead performance. Gunsure.

296	7	EXC	<p>KINBAR LITTLEFOOT 8/9/2014 3100309923 Sire: Pepe Von Der Zenteiche Dam: Schaeferhund Indiana Brd: STEVE KINSMAN Exh: Steve Kinsman 2 years, 8 months. Height 61cms. Depth of chest 28cms. A very large, medium strong, well coloured and pigmented bitch of good type and proportions. Good feminine head with dark masking and medium eye colour and just slightly wide set ears. Strong neck, normal wither, firm straight back, and just slightly short and slightly steep croup. Good angulation of the forequarter where the upper arm could be a little longer. Slightly deep hindquarter angulation. Good forechest and slightly short underchest. Good length of foreleg. The pasterns should be a lot firmer. Steps a little narrow going where the hocks should be firmer, and correct coming with firm elbows. Gaiting on lead she shows powerful reach and drive, however she should remain firmer in the hindquarter. Off lead she maintains her topline but showed a lack of control. Gunsure.</p>

Light eyes, slightly wide set ears. Good length of neck, high withers, firm straight back. The croup is rather short and steep. Good length of upper arm which could still be better angled and very good hindquarter angulation. Very good fore and underchest development and good length of foreleg. Steps slightly narrow going and correct coming, where the elbows should be a little tighter. Moves with the correct sequence of</p> |

steps at all speeds and shows a very easy relaxed movement with good reach and drive. At times his movement could have been more enthusiastic, especially at the fast gait. On the second attempt, he showed a very good off lead performance, and is gunsure.

Judges summation: Mr Ian Urie

I wish to thank the GSDCV for my appointment to judge this prestigious show, and thank all exhibitors for their entries and their sportsmanlike behaviour. Having judged the younger classes at last year's State Breed Exhibition, I was looking forward to seeing how some of those animals had progressed into the Open Classes. It was somewhat disappointing that only three animals had made that transition, but pleasing that my previous Intermediate Bitch winner was able to achieve the Excellent Merit grading this year. I understand several females that I had been looking forward to judging were out of coat and unable to be exhibited.

Open Dog Class:

My Open Class winner and Excellent Merit 1 was *Sensen Mann Yokon IPO3 'a' normal / ED normal (Imp. Ger.), a son of VA Enosch von Amasis and Flair von der Martinskapelle. He carries the bloodlines of Siegers Ober von Bad Boll, Remo vom Fichtenschlag and Vegas du Haut Mansard. "Yukon", as his owners call him, is a correctly proportioned, above medium size to large, well pigmented male of very good type and medium strength. He has a strong masculine head, firm back and a well angled croup that could be slightly longer. He has a clean topline, very good angulation of the forehand where the upper arm could still be slightly longer, and correct hind angulation with good balance of upper and lower thigh. He shows very good powerful, balanced movement at all speeds, and presents himself with a wonderful outgoing demeanour, full of confidence and totally without malice - an admirable trait that I have also witnessed in his progeny. Yokon had eleven progeny exhibited at the SBE, was the only sire to present a group, and from that group achieved four first placings and two seconds - a worthy result which endorses his appointment as 2016 State Sieger by Fran Farley. On the whole his progeny were typical of their sire, with the males perhaps more similar in appearance. He appears to be passing on his correct size, very good strong heads, and in some cases better bone strength than his own. In general terms the forehands and croups were similar to the sire (i.e. moderate but could still be a little better.) In my opinion he is a predictable sire, and one who can improve the breed in this State with moderation of the hindquarter, lack of exaggeration in any area, and improvement of pigmentation and strength without tending to oversize, as well as very good temperament. I have much pleasure in making Yokon our 2017 Victorian Sieger.

Excellent Merit 2 was *Xeno vom Arjakjo IPO1 'a' normal / ED normal (Imp. Ger.), a son of German Sieger Omen vom Radhaus and Nadja vom Arjakjo. He has an excellent pedigree which carries the lines of Remo Fichtenschlag, Vegas du Haut Mansard and Quenn Loher Wegg. Xeno is a very well proportioned dog of excellent type. His profuse coat can give the illusion that he is larger than his actual correct size of 65cm. He is well pigmented and coloured, and has a very well constructed forehand with correct angulation and long bones. He is just slightly deep in hind angulation. Xeno shows powerful movement at all speeds with very good ground coverage. With regard to his progeny, he only had two animals presented at this exhibition, both graded VG with one being a class winner. I have however seen over the last year or two, many progeny from the limited use of this sire that I consider to be well above the average. I feel he is worthy of promotion and recommend him to be considered more widely by Victorian breeders. Xeno has a lot to offer in the

improvement of the forehand if used judiciously over bitches with unexaggerated hindquarters, and I am pleased to make him our 2017 Vice-Sieger.

The balance of the class was graded Excellent (5 dogs), and I was pleased to see two sons of Ch. Orrinshir Elton John, who is now deceased but has been a cornerstone of the breed in this State.

Open Bitch Class:

Class winner and Excellent Merit 1 was the lovely *Ch. Jayshell Winona A(1,3) Z(0,0), an Orrinshir Elton John daughter from Blakngold Honey Jumble (a Stobar Peete daughter). She is line-bred to Iwan vom Lechtal and Dorsten Monte Cito. "Winnie" is an absolutely correct (57.5cm) medium sized female with excellent proportions, very good angulations front and rear, who exhibits balance and harmony in every respect. Just to look at her brings a lump to the throat of any GSD enthusiast, with her beautiful impression. She has had an exceptional career in the show ring spanning seven years, with wins under judges from all over the world. At this exhibition she had progeny entered from three different litters, with two of them shown in the Open classes. Her son Ch. Jayshell Glasgow was placed first in the LSC Open Dog class, and a daughter shown in this class finished third behind her mother and was also awarded the Excellent Merit grading. Another son Jayshell Nebraska was VG3 in the Junior class. I am delighted to award Winona the Victorian Siegerin title for the third time, and wish her well in her retirement, which was announced just after the completion of this class. I am sure we will all miss her presence in the show rings around Australia.

Excellent Merit 2 was the young Yester von Feurmelder daughter *Ch. Schaeferhund Balleena A(4,4) Z(0,0) CCD ET RN. She was bred from Ryzack Acacia, a Kwint Juerikstall daughter. "Bella" is an above medium size (58.5cm) strong female of very good type. She has correct hind angulation and very good chest proportions, while ideally the bones in her well angled forehand could be slightly longer. She shows correct sequence of steps at all speeds and exhibits powerful ground covering movement with very good reach and drive. She performed very well during the gaiting and led the class at one stage. I believe this bitch has a very bright future, is just reaching her prime, and look forward to possibly seeing some quality progeny from her. I have much pleasure in making her the Vice-Siegerin for 2017.

Excellent Merit 3, *Jayshell Kenzie A(5,5) Z(1,1) was the daughter of our Siegerin, with her sire being the Jimmy Barutherland son Ch. Bluemax Salt. She is above medium size (58.5cm), of slightly stretched proportions and of very good type. With very good hind angulation and a well angled forehand where the upper arm could be a little longer, she has very good chest proportions. She was presented in very good firm condition and performed very well throughout the class, gaining one position during the gaiting. Kenzie had three baby puppies entered in the show from her first litter, with two graded Very Promising and one Promising.

Excellent Merit 4 was *Schaeferhund Nelke A(4,5) Z(0,0) ET RA, another Elton John daughter that we are all familiar with. Her Dam is Schaeferhund Celina, from Cayos Noriswand. Nelke is also line-bred to Iwan Lechtal and Dorsten Monte Cito. Nelke is a large (59.5cm) substantial female of slightly stretched proportions and medium bone strength. She has a strong head, firm back, slightly level topline and a well laid croup. She has very good angulations, and covers the ground very well. She gave one place away during the gaiting as she is starting to show the signs of her age at almost seven years old, but is still a bitch of far above average quality.

The remaining females in the class were graded 4 x Excellent and 1 x Very Good.

In terms of breed advice, I was pleased that all of the open animals presented were of above average type, within the limits of size, mostly being Breed Surveyed Class 1, and did not exhibit any

major problems. The issues to be addressed are some that have been with us for a long time, i.e. short croups, and upper arms that need to be longer and better angled, as well as a predominance of just medium eye colour. It is my belief that the biggest challenge facing breeders in the present time is to avoid extreme angulation of the hindquarter and chronic looseness of hocks, and there were a couple of younger animals ungraded by the young class judge this weekend for that very reason. It is a problem that can impact quite severely on the well-being of puppies that we breed. These issues have become rather widespread through the breed in recent times, and thankfully are not yet as prevalent in Australia as they have become in Europe. They are however entrenched in the modern bloodlines to some degree, and breeders must make sensible choices and be realistic about the shortcomings in their own females when selecting stud dogs, and research what is behind those dogs to avoid compounding these problems further.

BEST DUAL PERFORMANCE

SENSEN MANN YOKON (IMP DEU) KK AZ

Winner CCD class 96/100 pts, handler Alastair Henderson. Winner Open Dog SC
